

Anli Financial Communications Organizes Polyfair Holdings' IPO Press Conference

(31 January 2018) **Polyfair Holdings Limited** (“**Polyfair Holdings**” or the “Group”) held a press conference at Mandarin Oriental, Hong Kong to announce its listing plan.

Founded in 2006, Polyfair Holdings is a subcontractor that provides one-stop façade and curtain wall works solutions. Its design services generally include developing designs, conducting structural calculations and preparing shop drawings; while project management services generally include sourcing and procuring building materials, arranging for building material logistics and installation works, on-site project management and post-project completion services. Adhering to its business philosophy of “Excellence in Quality and Services”, the Group has completed façade and curtain wall works for over 20 projects, covering both commercial and residential buildings. It has also undertaken a project for large scale residential complex, namely the Victoria Skye located in the Kai Tak district.

The press conference drew great attention from media with journalists from 14 media outlets participating in the event, including TV and radio stations, major financial newspapers and online media, among others. There were nearly 60 pieces of articles about the Group’s offering details on local and global electronic and printed media, as well as online news platforms on the same day and next day. The offering saw encouraging results as its retail offering was over-subscribed by over 24 times.
